**SERVICE CLASSIFICATION No. 5A - Continued**

I. Communications Protocol. Effective October 2012, the Company will maintain a database of contact information for all of its interruptible customers and interested stakeholders (e.g., DPS Staff, ESCOs, NYSERDA and oil associations). This database will be used to provide notifications to these customers and stakeholders regarding the Company's interruptible service, including: forecast temperatures, potential interruptions, and the initiation/conclusion of actual interruptions. These notifications will be sent via multiple mediums, such as telephone, electronic mail and text message. Beginning October 2012, the Company will perform an annual communications test during which interruptible and temperature controlled customers will be asked to confirm their contact information.

**Termination:**

Notwithstanding any other provisions or requirements of this Service Classification, if a Customer fails to maintain its dual-fuel equipment or associated control devices in proper working order, or interferes in any manner with Company-owned equipment, or interferes with or hinders in any manner the Company's rights of access, metering and inspection, or otherwise violates any provision of this Service Classification, the Company will have the absolute right to terminate the gas service provided for hereunder. Any Customer terminated for non-compliance with this Service Classification will not be permitted to return to this Rate Schedule until the end of the following winter season.
