SWITCHED ACCESS SERVICES

SECTION 2 - RULES AND REGULATIONS, (Cont'd.)

2.3 Obligations of the Customer, (Cont'd.)

2.3.3 Jurisdictional Report Requirements, (Cont'd.)

A. Jurisdictional Reports, (Cont'd.)

1. Percent Interstate Usage, (Cont'd.)

- (b) When a Customer initially orders Switched Access service, the Customer shall state in its order the Percentage Interstate Usage (PIU) on a statewide, LATA or billing account number level (at the option of the Customer) on a local exchange company specific basis, separately for each of the following:

FGA
FGB
FGD
500
700 Service Access
8XX Toll Free
900
Entrance Facilities
Dedicated Interoffice Channel
Channelization Equipment

For FGA, FGB, FGD, 500, 700, 8XX Toll Free, and 900, this PIU will be applicable to all flat and minute of use based rate elements, as applicable. In the event the Customer does not supply the projected PIU and the Company does not have sufficient call detail to determine the jurisdiction of the call, then a PIU of 50 percent will be applied.

The PIU factor provided for flat-rated services shall reflect the combination of all traffic types which transverse such facility category.

Additionally, upon employing the 700 Access Code over FGD, the Customer must provide the Company the PIU for the 700 calls. A
