COMPETITIVE TELECOMMUNICATIONS SERVICE TARIFF

SECTION 3 - DESCRIPTION OF SERVICE AND RATES

3.1 General

Each Customer is charged individually for each call placed through the carrier. Charges are computed on an airline mileage basis as described in Section 3.3 of this tariff.

Rates vary by mileage band, time of day, call duration and by originating and terminating access type.

Customers are billed based on their use of the Company's long distance service.

3.2 Timing of Calls

3.2.1 Long distance usage charges are based on the actual usage of the Company's network. Chargeable time begins when a connection is established between the calling station and the called station. Chargeable time ends when either party "hangs up" thereby releasing the network connection.

3.2.2 Minimum call duration is specified for each product in Section 3 of this tariff.

3.2.3 Unless otherwise specified in this tariff, after the initial minimum period usage is beyond the minimum call duration is measured and rounded to the next higher six second increment for billing purposes. The initial minimum period for each product is specified in Section 3 of this tariff.
