Customers who cease purchasing one of the qualifying local service packages described in paragraph 2 above shall forfeit eligibility for the Value Option.

Customers who forfeit eligibility for this Option and remain presubscribed to the Company's service will default to Five Cents Plan rates as described in the Current Rates Section of this tariff unless another Optional Residential Service is selected by the Customer.

Customers who subscribe to this Value Option are not eligible to participate in promotions that would otherwise apply Five Cents Plan subscribers.

(T)

This Value Option is only offered where billing and system capability exist.

The Value Option is available only on lines that also have the qualifying local services. The Value Option does not apply to all lines in an account, unless each line qualifies separately.
