Section 2

Leaf No. 34

PSC No. 4 - Telephone

Revision No. 0

Effective Date: July 1, 2012

Superseding Revision No. 0

REGULATIONS2.6 Payment Arrangements (cont'd.)2.6.6 Ordering, Rating and Billing of Switched Access Services Where More Than One Local Exchange Telephone Company is Involved

The provision of meet point billing is applicable to the Local Transport-Common Transport rate structure. Meet point billing applies where a Customer orders Switched Access Service to a tandem operated by another Exchange Telephone Company which subtends an end office operated by the Company. The appropriate Local Transport rate elements will apply to the Tandem Interconnection Common/Dedicated Transport rare structure and to the ICB rate structure. All other recurring and nonrecurring charges for services provided by each Exchange Telephone Company are billed under each company's applicable rates as set forth in Section 2.6.6 (A) following.

The Company accepts and adheres to the Ordering and Billing Forum guidelines, Multiple Exchange Carrier Access Billing (MECAB) and Multiple Exchange Carrier Ordering and Design (MECOD). The guidelines apply only to the Local Transport-Common Transport rate structure for Access Services as set forth in Section 2.6.6 (A) following.

The Company will handle ordering, rating and billing of Switched Access Services under this tariff where more than one Exchange Telephone Company is involved in the provision of Access Service as follows.

- A) When Feature Group B and/or D Switched Access Service is ordered by a customer to a tandem operated by another Exchange Telephone Company which subtends an end office operated by this Company, the customer must provide the original order to the Exchange Telephone Company which operates the access tandem, and must provide a copy of the order to this Company.
