

RCN Telecom Services of New York, LP

Section 2

Leaf No. 15

PSC No. 4 - Telephone

Revision No. 0

Effective Date: July 1, 2012

Superseding Revision No. 0

REGULATIONS2.3 Obligations of the Customer (cont'd.)2.3.3 Switched Access Jurisdictional Report Requirements (cont'd.)

- D. The projected interstate percentage of use and intrastate intraLATA percentage of use will be used to determine the charges as follows:

The number of access minutes for a group will be multiplied by the projected interstate percentage of use to determine the interstate access minutes. (i.e., number of access minutes x projected interstate percentage of use = interstate access minutes). The number of interstate access minutes so determined will be subtracted from the total number of access minutes (i.e., number of access minutes - interstate access minutes = intrastate access minutes). The interstate access minutes for the group will be billed as set forth in Section 4. following.

The number of intrastate access minutes for a group will be multiplied by the projected intrastate intraLATA percentage of use to determine the intrastate intraLATA access minutes (i.e., number of intrastate access minutes X projected intrastate intraLATA percentage of use = intrastate intraLATA access minutes). The number of intrastate intraLATA access minutes so determined will be subtracted from the total number of intrastate access minutes for the group to determine the intrastate interLATA access minutes (i.e., number of intrastate access minutes - intrastate intraLATA access minutes = intrastate interLATA access minutes).
