2. The following regulations are applicable to Exchange Service customers where ILP is applicable:

- New line customers will be given an opportunity to select an ILP PIC at the time they place an order for Exchange Access Service. If the new line customer fails to select an ILP carrier, the customer will be informed that the customer must dial a carrier access code (10XXX/101XXXX) to complete qualifying calls until the customer affirmatively selects the Company or another qualified ILP Carrier.
- Customers who have designated RCN or another qualified carrier as their ILP PIC, may select a different carrier to carry particular qualifying calls, either by dialing 10XXX/101XXXX or other necessary carrier access codes to reach the carrier of choice.
- A customer entitled to select the ILP PIC may choose at any time, by oral or written notice to the Company, to "freeze" the ILP PIC. A frozen ILP PIC cannot be changed unless the customer removes the freeze. A freeze on the ILP PIC may be removed at any time by oral or written request from the customer.
