(3) it is not defective; and,

(4) it has no cross-connection at any termination point other than the House and Riser cross box; and,

(5) it has not been identified by the Telephone Company for maintenance spare or near term customer use. Near term customer use means that the Telephone Company has identified the need for a pair to meet a customer's request up to twelve (12) calendar days in advance of the customer due date.

(f) If the TC requests the Telephone Company to dispatch its technician to identify an Available Pair, the TC shall cancel the first LSR and issue a new LSR for House and Riser facilities. If the Telephone Company technician locates an Available Pair, the technician will perform the cross-connect. Time & Materials charges will apply. If the Telephone Company's technician does not locate an Available Pair, the TC Not Ready Charge will apply.
