SECTION 2. RULES AND REGULATIONS

2.6 Restoration of Service

The use and restoration of service in emergencies may be in accordance with part 64, Subpart D of the Federal Communications Commission's Rules and Regulations which specifies the priority system for such activities.

When a customer's service has been disconnected in accordance with this Tariff and the service has been terminated through the completion of a Company service order, service will be restored only upon the basis of application for new service. A customer whose service has been discontinued for failure to establish credit or for nonpayment of bills will be required to pay the unpaid balance due Company before service is restored. Whenever service has been discontinued for fraudulent or other unlawful use, Company may, before restoring service, require the customer to make, at its own expense, all changes in facilities or equipment necessary to eliminate such fraudulent or otherwise unlawful uses and to pay an amount reasonably estimated as the loss in revenues resulting from such fraudulent use.
