## SECTION 5 - CONSUMER SERVICE DESCRIPTIONS

### 5.3 CUSTOM FEATURES

#### 5.3.1 General

The features in this Section are made available on an individual basis. Custom features are offered on a monthly basis where facilities are available. Terms of applicable deposits are defined for custom features in Section 2.6.11 of this tariff.

A. Call Forwarding - Variable (T)

This feature provides the Customer with the ability to forward all calls to a second directory number for handling. The Customer can dial the call forwarding variable activation code. To deactivate the feature, customers need to dial the Call Forwarding Variable deactivation code. The Customer assumes financial responsibility for all appropriate calling charges generated by the use of this feature.

B. Call Forwarding Busy (T)

This feature allows an incoming call to the Customer line to be automatically forwarded to a pre-selected telephone number when the line is busy. The Customer assumes financial responsibility for all appropriate calling charges generated by the use of this feature. Customers need to dial the Call Forwarding Busy activation and deactivation code.

C. Call Forwarding No Answer (T)

This feature allows an incoming call to the Customer line to be automatically forwarded to another pre-selected telephone number when the Customer's line is not answered answer within a specified number of rings. The Customer must designate the number of rings (two or seven rings). The Customer assumes financial responsibility for all appropriate calling charges generated by the use of this feature.
