This Plan provides residential customers a combination of services that includes two local access lines; unlimited direct dial station local calls within the customer's local calling area; and a per minute rate, 24 hours a day, seven days a week on all intraLATA toll calls and in-state long distance calls. Customers can choose up to two custom calling features from the list as specified below:

Call Waiting ID	Custom Ring 2	
Call Forwarding - Variable	Speed Call 8	
Three Way Calling	Speed Call 30	(T)

If it is determined that usage is not consistent with residential applications, such as for commercial facsimile or auto-dialing, resale, telemarketing or other non-residential uses, AT&T may, consistent with applicable Commission regulations, suspend, restrict or cancel the Customer's service.

If the customer's AT&T Main Residential Billed Account has more than two lines associated with it, an additional Monthly Recurring Charge will apply to each additional line that the customer has chosen for this plan. A total of six lines can be included on this plan. Additional lines are eligible for two features, unlimited local calling and the same per-minute rate for instate long distance and local toll calls.
