SPECIALIZED COMMON CARRIER SERVICE

TARIFF FORMAT

- A. Sheet Numbering - Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a letter is added. For example, a new sheet added between sheets 10 and 11 would be 10 A.
- B. Sheet Revision Numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current sheet version on file with the New York P.S.C. For example, the 2nd revised Sheet 10 cancels the 1st Revised Sheet 10. Because of various suspension periods, deferrals, etc. the New York P.S.C. follows in their tariff approval process, the most current sheet number on file with the Commission is not always the tariff page in effect.
