The Customer will be required to pay a Customer Charge (per month) and a Delivery Service Contract Demand Charge (per kW per month of the Contract Demand) based on the SC that would otherwise be applicable to the Customer if the Customer were taking the Company's delivery service; provided, however, that the Customer Charge will be waived under this SC if service is taken by the Customer under both this SC and another SC through the same service connection.

If the Contract Demand under this SC is 1500 kW or less

If the Customer takes high tension service at 138 kV, regardless of the Contract Demand kW
