

PSC NO: 15 ELECTRICITY

LEAF: 184.2.1

COMPANY: CENTRAL HUDSON GAS & ELECTRIC CORPORATION

REVISION: 18

INITIAL EFFECTIVE DATE: 08/01/12

SUPERSEDING REVISION: 17

SERVICE CLASSIFICATION NO. 2 (Cont'd)**GENERAL SERVICE** (Cont'd)**SPECIAL PROVISIONS** (Cont'd)2.11 **HOURLY PRICING PROVISION** (Cont'd)**Metering Requirement**

In order to take service under this Special Provision a customer must have in place an interval meter, and have telecommunications to the meter, that is compatible with the Company's MV-90 data acquisition system. Prior to August 1, 2012, the customer may choose to provide a dedicated phone line or the Company will provide cellular communications to the meter at a cost to the customer. On and after August 1, 2012, cellular communications to the meter will be installed by the Company for all new interval meter installations. Should the customer's premises not have adequate signal strength and require a dedicated phone line, the Company will arrange for the installation of, and be responsible for the ownership and maintenance of, a dedicated phone line. In addition to the monthly customer charge pursuant to the parent service classification, customers will be assessed an incremental monthly charge of \$33.50.

Pursuant to the Order of the Public Service Commission in Case 08-E-0887, all customers with demand exceeding 500 kW in any two of the previous twelve months ended August 31, 2009 will be required to have telecommunications and have in place an interval meter prior to October 1, 2010. Effective October 1, 2011, all S.C. No. 2 customers with demand exceeding 500 kW in any two of the previous twelve months (as measured semi-annually for the twelve months ending June and December) must have in place an interval meter, with telecommunications to the meter, and will be assessed the incremental monthly charge as set forth above. Pursuant to the June 18, 2010 Order of the Public Service Commission in Case 09-E-0588, all customers with demand exceeding 300 kW in any two of the previous twelve months ended June 30, 2010 will be required to have telecommunications and have in place an interval meter prior to October 1, 2011. Effective October 1, 2012, all S.C. No. 2 customers with demand exceeding 300 kW in any two of the previous twelve months (as measured semi-annually for the twelve months ending June and December) must have in place an interval meter, with telecommunications to the meter, and will be assessed the incremental monthly charge as set forth above. If a non-cellular enabled interval meter is installed and the customer's dedicated phone line is not installed or operational, for reasons not caused by the Company's equipment, when the Company attempts to read the meter, the customer shall be responsible for resolution of the problem, and the customer will be assessed an \$80.00 on-site meter reading charge each monthly cycle until the condition is corrected.

Electric Bill Credit, System Benefits Charge, Renewable Portfolio Standard Charge, Energy Cost Adjustment Mechanism, Merchant Function Charge, New York State Assessment and Revenue Decoupling Mechanism

The provisions of the Electric Bill Credit, as described in General Information Section 36.B, System Benefits Charge, as described in General Information Section 36.A, Renewable Portfolio Standard Charge, as described in General Information Section 36.C, Miscellaneous Charges and Purchased Power Adjustment, as described in General Information Section 29, Merchant Function Charge, as described in General Information Section 36.E, New York State Assessment (NYSA), as described in General Information Section 36.F, and Revenue Decoupling Mechanism, as described in General Information Section 36.G, shall apply to all electricity delivered under this Special Provision.
