SECTION 12 - AT&T REGIONAL FRAME RELAY SERVICE*

(T)

12.1 DESCRIPTION

AT&T Regional Frame Relay Service (RFRS) is a public data network offering which provides high speed, order-preserving transmission of frames between Local Area Networks (LANs) or other high speed data communications equipment for distributed computing applications. RFRS is offered within LATA 132 in the State of New York, where facilities and billing capabilities permit. Service is available for use 24 hours a day, seven days a week. Except as otherwise provided in this tariff, all terms, conditions, features and functions may be found in the AT&T Business Service Guide. Charges for additional AT&T Frame Relay Services which may be used in conjunction with AT&T Regional Frame Relay Service may be found in the AT&T Business Service Guide.

The following AT&T Frame Relay Service features are not available under this tariff for AT&T Regional Frame Relay Service:

- Disaster Recovery Options
- Frame Relay Service Level Agreement
- Frame Relay Service Domestic Gateway Capability
- International Frame Relay Service
- AT&T International End-to-End Frame Relay Service
- Frame Relay Volume Pricing Plan
- Digital Services Volume Pricing Plan

Regional Access Ports furnished under this tariff operate at transmission speeds of 56/64, 128, 256, 384, 512, 768 and 1544 kbps. The port speed defines the maximum rate that the Customer can transmit data to and receive data from the FRS network.

- * AT&T Regional Frame Relay Service is no longer available to new customers as of May 31, 2012. (N)
Current AT&T customers with AT&T Regional Frame Relay Services may retain their existing service(s), and may continue to conduct moves adds and changes until March 30, 2015. For customers with AT&T Regional Frame Relay Services with unexpired contracts (other than integrated contract offers such as VTNS, OneNet, ABN, etc.), AT&T will allow one extension of their existing contract past its current term for 12 months, provided (i) the extension is signed on or before December 31, 2012, and the extended term expires no later than December 31, 2013, and (ii) the rates for the services during such extension period will be at rates to be determined on an individual case basis. Integrated contract offers may be subject to renewal or extension in accordance with AT&T's standard practices and procedures relating to such contracts, but such contracts may include restrictions or limitations applicable to the AT&T Regional Frame Relay Service being discontinued. Other than as set forth above, no renewals, extensions or new term plans may be entered into after May 31, 2012. Upon expiration of a customer's contract, AT&T will continue to provide the service on a month-to-month basis. (N)
