GENERAL INFORMATION**13. SERVICE CLASSIFICATION RIDERS (Continued)****RIDER N (Continued)****NET METERING FOR CUSTOMER GENERATORS****BILLING (Continued)****(C) (Continued)**

At the end of an annual period for farm waste or farm wind electric generators that are eligible for DAHP, the customer will receive a monetary credit equal to the supply credit described in Section (C) (1) (b). At the end of an annual period for farm waste or farm wind electric generators participating in Remote Net Metering, any monetary credit that remains after the crediting of all Satellite Account(s) will be converted back to the equivalent kWh at the rate in effect for the current billing period applicable to the Host Account's Service Classification. Such kWh equivalent will be purchased by the Company at the Rate specified in Special Provision (F) of Service Classification No. 15. A customer with farm waste, farm wind, residential solar or residential wind electric generators may make a one-time selection of the month in which such annual purchase will occur, which will become the new annual purchase month in subsequent years. A monetary refund will be issued to the customer for the amount resulting from such net sale. At year end, any cumulative net sale for residential Micro-Hydro or for non-residential solar, wind, or Micro-Hydro electric generators will be carried over to the next year.

- (D) The requirement that the billing demand for the billing months of October through May inclusive shall not be less than 70% of the highest metered demand for the preceding billing months of June through September inclusive as contained in Service Classification Nos. 2 and 3, "Determination of Demand", shall not apply to farm operation or non-residential solar or wind customer-generators taking service under this Rider, but shall apply to any Satellite Account participating in Remote Net Metering.
- (E) The minimum billing demand requirement contained in Service Classification Nos. 3 and 20, "Determination of Demand" shall not apply to farm operation or non-residential solar or wind customer-generators taking service under this Rider, but shall apply to any Satellite Account participating in Remote Net Metering.
- (F) Customers will be required to pay the applicable customer charge of the applicable service classification regardless whether the amount of electricity generated by the customer is less than, equal to, or greater than the amount of electricity used by the customer.
