

Mosaic NetworX LLC
Effective: December 13, 2012

New York PSC No. 2
Leaf No. 48 (T)
Revision 2
Superseding Revision: 1

SECTION 3 - SWITCHED ACCESS SERVICE, (CONT'D.)

3.2 Manner of Provision

- 3.2.1 Switched Access is furnished for the Customer's use in originating calls from and terminating calls to End Users.
- 3.2.2 Switched Access service will be provided with SS7/SIGTRAN Signaling or a compatible form of signaling.
- 3.2.3 Two types of Switched Access are available:
 - A. Tandem Connect Access: This option applies when there are no direct facilities between the Customer's POP and the Company's Central Office. Traffic is routed to and from the Central Office via the appropriate third-party Access Tandem. Delivery of calls to, or acceptance of calls from, End User(s) via Company-provided Tandem Connect Access services shall constitute a Constructive Order and an agreement by the Customer to purchase the Company's switched access services as described and priced herein
 - B. Direct Connect Access: This option applies when the Company or a third party provides a dedicated transmission path between the Customer's Point of Presence and the Company's Central Office. The Customer is responsible for providing such facilities itself or for negotiating such arrangements with potential third-party suppliers. To the extent that the Company is able to provide such arrangements, the dedicated portion of Direct Connect Access would be provided on an Individual Case Basis as Special Service Arrangements pursuant to Section 6 of this tariff.
