ACCESS SERVICE

3. CARRIER COMMON LINE ACCESS SERVICE (Cont'd)3.7 Rate Regulations (Cont'd)

(H) When FGA or non-800 and non-900 Access Service FGB Switched Access Service provided to an entry switch (i.e., dial tone office for FGA and access tandem for FGB) has usage originating from and/or terminating at both end offices that have been converted to equal access and end offices that have not been converted, the premium and non-premium rates will apply as set forth in (1) and (2) following.

- (1) All access minutes that originate from or terminate at the equal access end office(s) will be billed at premium rates. Access minutes that originate from or terminate at end offices not equipped with equal access capabilities, hereinafter referred to as non-premium access minutes, will be billed at non-premium rates.

The number of non-premium access minutes to be billed at non-premium rates is derived by subtracting the number of premium rated access minutes from the total number of access minutes.

Premium access minutes will be determined as set forth in (2) following.

- (2) The number of access minutes to be rated as premium access minutes is determined as follows:
- (a) Where measurement capability exists, and end office specific usage data is available, premium rates will apply to all access minutes originating from or terminating at equal access end offices.
- (b) Where measurement capability does not exist and/or end office specific usage data is not available, originating and/or terminating usage will be apportioned between premium and non-premium usage as described following. The usage to be apportioned will be the recorded usage or the assumed usage as set forth in 3.7(C) preceding.
