ACCESS SERVICE

3. CARRIER COMMON LINE ACCESS SERVICE (Cont'd)3.7 Rate Regulations

- (A) The Transitional Charges will be billed per access minute to each customer Switched Access Service provided under this tariff in accordance with the regulations as set forth in (G) following except as set forth in (D) and (F) following.
- (B) The access minutes which are used to determine the Transitional Charges will be accumulated using call detail recorded by Telephone Company equipment except as set forth in (C) following and Feature Group C operator and TSPS call detail such as pay telephone sent-paid, operator-DDD, operator-person, collect, credit-card, third number and/or other like calls recorded by the customer. The Telephone Company measuring and recording equipment except as set-forth in (C) following will be associated with end office or local tandem switching equipment and will record each originating and terminating access minute where answer supervision is received. The accumulated access minutes will be summed by line group or end office, whichever type of account is used by the Telephone Company, for each customer and then rounded to the nearest minute. For FX/ONAL Feature Group A, the access minutes will be reported on a line by line basis.
- (C) When Carrier Common Line Access is provided in association with Feature Groups A and B Switched Access Service in Telephone Company end offices that are not equipped for measurement capabilities, an assumed average intrastate access minutes will be used to determine the Transitional Charges. The assumed average intrastate access minutes are as follows:
 - (1) When a Switched Access Service is provided where neither the originating access minutes nor the terminating access minutes are measured, the assumed average intrastate access minutes are 2169 minutes. When originating only Switched Access Service is provided where the originating access minutes are not measured, the originating assumed average intrastate access minutes are 2169 minutes and no terminating access minutes will apply. When terminating only Switched Access Service is provided where the terminating access minutes are not measured, the terminating assumed average intrastate access minutes are 2169 minutes and no originating access minutes will apply.
