C. Monthly Recurring Charge

The Monthly Recurring Charge (MRC) is billed each month in advance and applies in full each month for each account, except in the case of first and last month partial billing cycles where the MRC will be prorated based on actual number of days the Customer had the service during the billing cycles. At the option of the Customer, the MRC can either apply per account, regardless of the number of lines on the account presubscribed to the Company's e-Values Service, or per line. The MRC is in addition to applicable usage rates. If the Customer elects to cancel e-Values Service, the MRC for the last month will be prorated based on the time of disconnect.
