3. RULES AND REGULATION (CONT'D)

3.18 Minimum Payment Periods/Volume and Term Discounts - Private Line Services.
(Cont'd)

3.18.1. Termination Liability. A termination liability applies during the selected commitment period. If service is disconnected in whole or in part prior to the end of the selected commitment period, the Customer is liable for a termination liability charge. The termination charge applies to each service channel disconnected or, in the case of cancellation of a Service discount plan, to each service which has been included in the cancelled Service discount plan. When calculating termination liability charges the Company will apply the option which provides the Customer with the lowest termination liability charge.

Option 1

The termination liability charge is 50% of the applicable monthly rates for the selected commitment period applied as follows. For disconnects on or prior to the end of the minimum period and prior to the end of the selected commitment period, the termination liability charge applies to each month and fraction thereof remaining between the disconnect date and the end of the selected commitment period. For disconnects after the end of the minimum period but prior to the end of the selected commitment period, the termination liability charge applies to each month and fraction thereof in the balance of the selected commitment period. For disconnects of some but not all services, the monthly rates used to calculate termination liability charges are applied in ascending order beginning with the lowest applicable rates. The termination liability charge applies in addition to applicable minimum period termination charges.
