SUPERSEDING REVISION: 3

Interruptible or temperature controlled transportation, as determined by the Character of Service provisions of the sales service classification corresponding to the applicable NCTS rate classification indicated above, which provisions are incorporated herein by reference. Subject to the provisions of this Service Classification, the Company will transport natural gas, owned by the Customer, that meets the quality specifications hereof from the Company's city gate points of receipt as described in the GTOP Manual to a specified delivery point on the Company's existing facilities at the Customer's point of service.

The Company shall control the dispatch of gas received for transportation. Transportation service hereunder for New Non-Core Customers shall be available only upon a Company determination that its existing delivery capacity and facilities are adequate to supply the total estimated gas requirements of its customers receiving service under sales service classifications and to Existing Core Transportation Customers taking service under Service Classification No. 17, and to provide the transportation service required for the term of service hereunder. The Company will not be obligated to expand its facilities or construct new facilities for New Non-Core Customers seeking such service.
