SERVICE CLASSIFICATION NO. 2 (Continued)

TERM:

Single Phase Service:

One month and thereafter until terminated by 48 hours' written notice.

Three Phase (or Two Phase) Service:

One year and thereafter until terminated by 48 hours' written notice.

SPECIAL PROVISIONS:

(a)Space Heating Service:

(Service under this provision will no longer be available to new customers after November 1, 1977.)

Any customer using general service under this Service Classification and also using electricity as the sole source of space heating in a premises or segregated portion of a premises may, upon written application to the Corporation, have the energy used for such space heating, as well as air conditioning and water heating for such electrically heated space, separately metered. The separately metered space heating service will be charged under the same rate choice the customer selected for their non-heating service under this Service Classification.

The per kilowatt-hour rate for such separately metered space heating service under the selected rate choice is as shown below. There is a separate minimum charge. A complete description of these rate choices appears previously in this Service Classification.

|  |           |
|--|-----------|
| <b>Energy Charge</b><br>(All kilowatt-hours, per<br>kilowatt-hour) | \$0.01872 |
|--|-----------|

Customers are responsible for a separate per kilowatt-hour Transition Charge (Non-Bypassable Charge) and any Commodity and Merchant Function Charges at the same rate associated with the selected rate choice for their non-heating service.

The minimum charge is the Demand Charge based on the current month's actual billing demand. Service under this Special Provision (a) will be supplied on an annual basis for as long as non-heating service is supplied under this Service Classification.
