13	69.73	139.03	62.77	139.03
14 & Over	67.76	139.03	60.79	139.03

The quantity refers to all requested lamp locations that can be performed within a specific time period, not to exceed a single work shift for an individual crew within a reasonable geographic area.

2. Outage Credit Allowance:

Company will use reasonable diligence to provide a continuous, regular and uninterrupted supply of service, and in event of an interruption, Company shall make all reasonable effort to restore service promptly. Company shall make a total allowance of fifteen cents (15¢) per lamp per night for each lamp out more than three hours, provided that customer notifies Company of the outage and that the outage does not result from causes originating on facilities or equipment owned by customer. Such allowance to customer is agreed upon as liquidated damages, and customer shall have no claim against Company for further damages arising out of or connected with such outages.

3. Convenience Outlet Charge:

Convenience (festoon) receptacle outlets, located on lighting facilities or wood poles, per the written request of the customer for the purpose of providing auxiliary, unmetered, 120VAC electric service. The customer of record for this service classification is the responsible party for energy (kWh) used through the convenience outlet(s) and is billed separately under an appropriate service classification as provided within the Company's Electric Tariff.

4. Relocation of Existing Facilities

Relocation of facilities of Company, joint owner, or prior licensees to accommodate customer street lighting equipment will be done by Company, joint owner or prior licensees at customer's expense. In addition, pole replacements necessitated by the installation of customer's street lighting equipment shall be performed by Company or joint owner at customer's expense.
