SERVICE CLASSIFICATION NO. 6 (Continued)

The quantity refers to all requested lamp locations that can be performed within a specific time period, not to exceed a single work shift for an individual crew within a reasonable geographic area.

2. Outage Credit Allowance

Company will use reasonable diligence to provide a continuous, regular and uninterrupted electrical distribution service supply, and in event of interruption, Company shall make a reasonable effort to restore service promptly.

Company shall make an allowance of nineteen (19¢) per lamp per night for each lamp out. The customer must notify the Company of the outage and the outage cannot result from causes originating from customer's equipment. Such allowances to customer are agreed upon as liquidated damages and customer shall have no claim against Company for further damages arising out of or connected with such outages.

3. Convenience Outlet:

Convenience (festoon) receptacle outlets, located on lighting facilities or wood poles, per the written request of the customer for the purpose of providing auxiliary, unmetered, 120VAC electric service. The customer of record with the Company for the lamp maintenance is the responsible party for all energy related charges used through the outlet(s). The energy (kWh) used through the convenience outlet(s) is billed separately under an appropriate service classification as provided within the Company's Electric Tariff.

4. Relocation of Existing Facilities

Relocation of facilities of Company, joint owner, or prior licensees to accommodate customer's street lighting equipment will be done by Company, joint owner or prior licensees at customer's expense. In addition, pole replacements necessitated by the installation of customer's street lighting equipment shall be performed by Company or joint owner at customer's expense.

F. Increase in Rates and Charges:

The rates and charges under this service classification including any adjustment to charges and minimum charge will be increased by a tax factor pursuant to Rule 32 of the Electric Tariff.

G. Non-Standard Equipment:

At the sole discretion and option of the Company, the Company will provide lamp maintenance, as defined within CHARACTER OF SERVICE, to customer's Company approved lighting equipment that is not compatible to Company facilities. The customer is responsible for providing non-standard material or parts to the Company.

MINIMUM CHARGE:

The minimum monthly charge for service provided hereunder shall be one-twelfth (1/12) of the annual charge computed and billing quantities determined in accordance with the provisions included herein under RATE.
