SERVICE CLASSIFICATION NO. 1 (Cont'd)

STREET LIGHTING SERVICE

TERM:

One year from the initial rendering of service, including service previously rendered under contract, and thereafter until terminated on one year's written notice by either the Company or the customer. At any time after initial rendering of service, the customer may elect to purchase the Company's street lighting facilities being used to serve the customer in accordance with Special Provision 3.c. In such case, the initial term and the one year's written notification will be waived. However, if the customer elects to terminate service under this service classification and elects not to acquire the street lighting facilities being used to serve the customer, Special Provision 2.c shall be fully applicable notwithstanding termination. Further, the rules, rates and charges for service shall be subject to changes at any time when such changes are filed with, and accepted by the Public Service Commission.

SPECIAL PROVISIONS:

1. The Company agrees, subject to its ability to obtain needed materials, to:
 - a. Furnish, install and operate the street lighting system as now obtains, or as may be hereafter changed by written request of the customer within the jurisdictional limits of customer.
 - b. Furnish all materials and do all work and provide all labor necessary to perform Special Provision 1a above. The materials shall be of high quality and kind and all equipment shall be installed, and operated in accordance with the latest rules of the National Electric Safety Code, as approved by the American National Standards Institute.
 - c. Maintain the street lighting system so that it is wholly serviceable in function and presentable in appearance (provided however, that maintenance of customer owned equipment shall be performed pursuant to Special Provision 3a). Said maintenance shall include, but not be limited to, an efficient system of lamp replacement so that any lamps which fail to burn properly shall be promptly put in order or replaced with new lamps. Upon receiving notice from the customer that there is a defective lamp, the Company will put the same in order or replace the lamp within 72 hours, except that Saturdays, Sundays and holidays shall be excluded in computing the 72-hour period.

For each night the lamp is not lighted in accordance with the first paragraph of this Special Provision 1c, the customer shall be credited an amount equal to 1/365 of the total rate for that lamp and fixture. No credits shall be allowed for outages due to fire, strikes, acts of God or public enemy or circumstances and conditions over which the Company has not control.

Subject to the availability of manpower, equipment and materials, the customer can require the Company to perform additional maintenance, over and above the Company's standard maintenance, on those facilities which Company is to maintain under this Service Classification; provided, however, that such additional maintenance shall not impair the value of such facilities. Customer shall pay for such additional maintenance pursuant to Rule 4.3.
