A. General Description

The Away from Home Service Travel Card plan is offered to Residential Customers. The Away from Home plan offers a choice of domestic Travel Card packages designed to meet varying Customer requirements. For the packages that include monthly recurring charges, the Travel Card and Residential Personal Toll Free Number rates are lower than the rates available if those services were purchased outside of an Away from Home package. This plan allows Customers to originate long distance travel card calls via a Company provided toll free number. Customers will be billed a flat per minute rate for each call that originates and terminates within the 50 United States and the District of Columbia, American Samoa, Puerto Rico, Guam, the U.S. Virgin Islands and the Northern Mariana Islands. Away from Home is available 24 hours a day, seven days per week, where facilities exist. All calls are rated in full minute increments. The duration of a call, which involves a partial minute, will be rounded up to the next full minute. A pay telephone surcharge will be assessed, where applicable, on all calls made from a public payphone. Any other applicable surcharges will apply. The Customer must presubscribe to the Company and remain presubscribed to receive this service. In the event Customer requests another carrier, this service will remain active for no more than 60 days.
