

PSC NO: 214 ELECTRICITY
COMPANY: NIAGARA MOHAWK POWER CORPORATION
INITIAL EFFECTIVE DATE: MARCH 1, 2010

LEAF: 9
REVISION: 12
SUPERSEDING REVISION: 11

GENERAL INFORMATION

III. TERMINOLOGY DEFINITIONS AND ABBREVIATIONS

Residential (RES) – A property, dwelling, premise or community consisting of single or multiple unit structures specifically used as housing.

Round (RD, RND)

Screw Type Foundation (ST) – A type of mechanical foundation consisting of a galvanized steel tubular shaft having an external helix which, when set or spun into the earth provides anchorage to support a lighting standard bolted to its base plate.

Service Classification (SC) – A level of service defined by a unique character of service for a particular customer segment having specific offerings, rates, terms and conditions.

Service Life – An age value associated with specific facility component categories used in conjunction with the permanent discontinuance provision. The average service life values are not a representation of asset longevity for any other purposes including but not limited to; financial, asset management, rate development, or regulatory.

Square (SQ)

Standard (SD, STD) – A metallic or composite material structural support for a luminaire, often incorporating an arm, which is typically sourced from an underground circuit.

Teardrop (TD) – A style of luminaire that hangs vertically from an arm or bracket with the mounting at the top of the luminaire.

Traffic Control (TC) or Traffic Signal (TS) – A general reference to the equipment and structures necessary to maintain the safety of vehicles and pedestrians at locations of conflict or as otherwise required.

Underground (UG) – A general reference to buried circuitry/cable or a buried supply service application.

Underground Residential Distribution (URD) – A general reference to buried electric circuitry or buried electric supply service facilities used for service applications of this tariff within a geographic area having underground distribution service pursuant to Rule 16 of the Electric Tariff and compliant with the PSC order issued on December 28, 1971 including all subsequent amendments and supplements.

Watt (W) – A unit measure of electric power consumption.
