B. Special Provisions:

The provisions designated in this section are applicable to this service classification. The full definitions of the terms and conditions identified below are provided for in General Information, Section V at the front of this tariff.

1. Additional Equipment  
Energy for additional lamps will be supplied upon customer's written request. Such written requests will be appended to customer's Form "SL3" - Application for Service. Written notification will also be required when lamps are to be removed. A revised Schedule "SL3" will be required. If attachment to distribution poles is desired, customer will also be required to enter into, or modify, an attachment agreement which states the terms and conditions under which attachments may be made. When additional Company facilities are required for lighting service, Company will install such facilities at customer's expense.
2. Ancillary Equipment  
Reference General Information, Section V.
3. Customer Equipment Identification  
Reference General Information, Section V.
4. Customer Responsibilities  
Reference General Information, Section V.
5. Daylight Illumination  
Lamps found illuminated during daylight hours, will initiate a 24-hour notice to the customer. If the lamp remains illuminated after this time period, the customer will be charged on the basis of continuous illumination until the Company is notified the lamp has been repaired.
6. Equipment Audit  
An audit of the customer's street lighting system may be conducted by Company, or its designee, and customer's representatives. If additional lamps have been installed without notification to Company, the Company will bill the customer for electrical service connection, monthly pole attachment charges and energy as though the lamps were installed at the time of the last audit.
