A. Application of Charges

A Monthly Recurring Charge (MRC) is billed each month in advance and applies to the whole account presubscribed to the Company's Business Block of Time Service. A fixed allotment of qualified calling minutes is included in the MRC as specified below. The MRC applies in full each month regardless of whether or not the full allotment of minutes is used, except in the case of partial billing cycles. In the case of first and last month partial billing cycles, the MRC will be prorated based on the actual number of days the Customer had the service during the billing cycle.

Only charges for direct dialed outgoing voice minutes of use are covered under the MRC for this plan. All other charges for usage and services, including but not limited to, International calling, Directory Assistance services, Operator Assisted services, collect or person to person calls, 900, 700, 976 calls, calls to access information service, internet usage, fees and surcharges are not included as part of the MRC with this plan and will be charged separately.

Multi-line accounts will share the 400 minutes among all lines presubscribed to Business Block of Time Service. Partial increments are rounded up to the next increment. All calls are rated at 60 seconds for the initial increment, and 6 seconds for each additional increment.
