

SECTION 5 - OBSOLETE SERVICE OFFERINGS, (Cont'd.)

5.5 Business Block of Time Service, (cont'd.)

5.5.3 Limitations of Service

Business Block of Time Service is not available with the following local/IntraLATA business services: FlexGrow type services, PBX trunks, ground start lines or trunks, ISDN services, remote call forwarding services, foreign exchange services, public telephone services, public access smart-pay lines, flexpath services, analog to digital conversion digital PBX services, WATS services or the equivalents of any such services.

Business Block of Time Service is only available to Customers who, at the time of service initiation, subscribe to twenty-five (25) or fewer qualifying business dial tone lines (voice grade or voice grade equivalent) from their local exchange company.

Customers may discontinue their enrollment in Business Block of Time Service at any time upon request to the Company. The Customer who discontinues or cancels the Company's service or the local exchange carrier's qualifying services or whose service is refused, canceled or discontinued by the Company under this tariff or by the local exchange carrier shall forfeit eligibility for rates under this plan.

The Customer who forfeits eligibility for this Business Block of Time Service and remains presubscribed to the Company's service will default to FirmRate Plus Service unless the Customer selects another Optional Business Service.

If the Customer uses this Service for non-eligible purposes, including but not limited to resale, three way calling, permanent internet connections, or autodialing, the Company may immediately suspend, restrict or cancel the Customer's service without advance notice. The Company may also adjust the charges to FirmRate Plus Service, described in Section 3.7, as a result of non-business use.

This calling plan is only offered where billing and system capabilities exist.
