SECTION 3 - DESCRIPTION OF SERVICE, (CONT'D.)

3.5 800 Service Optional Features

The following optional services are available with 800 Service.

3.5.1 Dialed Number Identification Service (DNIS)

This service permits the Customer to receive calls made to multiple 800 numbers on the same service group and to identify the 800 number that was dialed by the calling party. This service is only available on Dedicated Access.

Nonrecurring charge, per Dedicated Access Service Group:

Nonrecurring charges may be waived from time to time for special promotions. Nonrecurring charges shall be waived if the Customer subscribes to this service for the same service group for interstate service.

3.5.2 Real Time Automatic Number Identification (ANI)

This service provides the ANI for the calling party to the 800 Dedicated Access Customer if the call originates from an Equal Access end office. The Company shall provide Real Time ANI on an 800 number and a service group basis. Real Time ANI is available with or without DNIS. This service is only available on Dedicated Access.

Nonrecurring charge, per Routing Arrangement:

Nonrecurring charges shall be waived if the Customer subscribes to this service for the same routing arrangement for interstate service.
