SERVICE CLASSIFICATION No. 19 – continued

C. CHARACTER OF SERVICE

Firm, interruptible or temperature-controlled aggregated transportation, balancing and swing service, as determined by the Character of Service provisions of the sales service classification corresponding to the applicable transportation service classification for the Customers in the Pool, which provisions are incorporated herein by reference. Subject to the provisions of this Service Classification, the Company will transport gas, owned by the Pool, that meets the quality specifications hereof from points of receipt on the Company's delivery system to the points of service for each Customer in the Pool.

The Company shall control the dispatch of gas received for transportation.

Each month, the Company shall determine the Seller's DDQ (see Special Provisions) and the Seller shall be obligated to deliver this amount each day unless otherwise notified by the Company.

D. QUALIFICATION OF SELLER

For qualification requirements please refer to the Uniform Business Practices for Retail Access Section 3 - Creditworthiness.

E. STATEMENT OF SELLER CHARGES AND ADJUSTMENTS

Sellers shall pay rates and charges as set forth on the Statement of Seller Charges and Adjustments which shall be filed by the Company with the Commission not less than four business days following the last day of each month.

The Statement of Seller Charges and Adjustments shall contain the following charges:

1. Daily Swing Service Monthly Demand Charge

The Daily Swing Service Monthly Demand Charge is a per dekatherm charge of the cost of firm interstate pipeline transportation capacity, storage capacity and supply contracts the Company uses to provide daily swing service to Sellers.
