

PSC No: 120 - Electricity  
New York State Electric & Gas Corporation  
Initial Effective Date: January 1, 2010

Leaf No. 117.6  
Revision: 4  
Superseding Revision: 3

#### GENERAL INFORMATION

### 25. Supply Service Options

#### I. Supply Service Options

##### A. Supply Service Options

NYSEG will offer a Retail Access choice and a Non-Retail Access choice, as described below. These Supply Service Options are available to all customers, except as noted herein and in Section 25.I.F.

1. ESCO Supply Service (ESS): This Retail Access choice includes fixed charges for NYSEG delivery service and a Transition Charge (Non-Bypassable Charge [NBC] described in Section 25.I.B.). An ESCO provides Electric Power Supply to the customer.
2. NYSEG Supply Service (NSS): This Non-Retail Access Choice includes fixed components for NYSEG delivery service, a Transition Charge (Non-Bypassable Charge [NBC] as described in Section 25.I.B.), a fluctuating commodity charge for electricity supplied by NYSEG, and a Merchant Function Charge (MFC) as described in Section 25.I.D. The commodity charge for customers billed at a non-demand metered rate, which includes residential Service Classification Nos. 1, 8 and 12, non-residential Service Classification Nos. 5, 6 and 9, and non-demand billed SC11 customers within PSC No. 120, and PSC No. 121 Street Lighting customers, will reflect a managed mix of supply resources.

The commodity charge for customers billed at a demand metered rate, which includes non-residential Service Classification Nos. 2, 3, and 7 who are not mandatorily participating in Hourly Pricing, and demand billed SC11 customers within PSC No. 120, will reflect the market price of electricity.
