Once a customer voluntarily elects Hourly Pricing, they will remain subject to this provision until their monthly metered demand has been less than 300 kW for 12 consecutive months.

Hourly Pricing is also voluntary to a customer with load supplied by NYPA beginning on or prior to December 31, 2006, and would have otherwise qualified for Mandatory Hourly Pricing. These customers will have the following Supply Service Options, all described herein, for the non-NYPA load, NSS, ESS, or Hourly Pricing, until the end of their participation in the NYPA program at which time they will be subject to Mandatory Hourly Pricing and have the two supply options ESS or Hourly Pricing, as described below.
