
INTEREXCHANGE TELECOMMUNICATIONS SERVICE TARIFF

9. OBSOLETE BUSINESS COMPLEX SERVICE OFFERINGS

9.2 BUSINESS SERVICE OFFERINGS

C. MTS Services

6. MTS Alliance Program

a. Description (Cont'd)

(3) Alliance Card

Alliance Card provides telecommunications services and optional enhanced service to customers while traveling away from the office or home. Customers dial a toll-free access number followed by their authorization code to place a call using the Company's service. A monthly credit limit will be assigned to each card for fraud protection. For billing purposes, calls are timed and billed for an initial period of six seconds, usage thereafter is measured in six second increments. Under this arrangement, usage charges vary based on the option selected by the Customer.

(4) Dedicated Access Arrangements

Dedicated Service is designed for high volume users. Under this arrangement, customers access the Company's network via dedicated access T-1 (1.544 Mbps) facilities. Service is available only where T-1 access is available. The Customer is responsible for payment of all charges associated with the dedicated access (T-1) arrangement. Such charges are normally established and billed by a local exchange carrier or alternative access provider. If the Customer requests that Qwest order and bill the T-1 circuit, an administrative charge equal to 50% of the monthly recurring charge for the circuit will be applicable. Calls are timed and billed for an initial period of six seconds, usage thereafter is measured in six second increments. Under this arrangement, usage charges vary based on the monthly term commitment chosen by the Customer as set forth below.
