C. Rates and Charges

1. Q.Guaranteed and Q.Integrity Private Line circuits, all speeds and capacities, are priced at a fixed and variable monthly recurring charge (MRC) based upon line speed, central office connection and the V&H miles between the nearest available POP to the customer or end-user locations. V&H is determined by the NPA/NXX of the locations.
2. Qwest Total Advantage[®] Private Line circuits are priced at a fixed recurring charge based upon line speed and the V&H miles between two Company POPs.
3. Rates specified in this Tariff for Qwest services requiring dedicated access do not include access and access-related charges, including, without limitation, installation charges, inside wiring charges assessed by the Incumbent Local Exchange Carrier, construction charges assessed by the Incumbent Local Exchange Carrier, and distance and termination charges assessed by the Incumbent Local Exchange Carrier. Therefore access and access related charges are additional charges.
4. OCN pricing will be on an Individual Case Basis (ICB). Pricing will be based on a 150 mile minimum circuit. Therefore, circuits with V&H mileage between the customer sites of less than 150 miles will be billed the minimum of 150 miles.
