2.2.3 TERMS AND CONDITIONS

- A. Service is provided on a monthly basis, twenty-four hours per day as described herein. For the purpose of computing charges in this Tariff, a month is considered to have thirty days.
- B. Customers may order Services under this Tariff by contacting an authorized Company representative and executing the Company's Application for Service and, at the Company's sole discretion, a Credit Application. The name(s) of the Customer(s) desiring to subscribe to service, the service(s) to be provided, the targeted Service Date, and the location(s) of such services must be stipulated in the Application for Service.
- C. Customer shall at all times comply with all applicable federal, state, and local statutes, ordinances, regulations, and orders of any commission or other governmental body. All Customers are responsible for taking all the necessary legal steps for interconnecting their terminal equipment or communications systems with the Company facilities or services and shall secure all licenses, permits, rights-of-way, and other arrangements necessary for such interconnection.
- D. Except as otherwise provided in this Tariff, service is provided and billed on the basis of one month, beginning on the Service Date and continuing until the expiration of the Minimum Service Period, or until service is otherwise canceled. Customer shall accept and pay for each Service for the Minimum Service Period. Upon expiration of the Minimum Service Period, Services shall be automatically extended on a month-to-month basis until Service is terminated in writing by the Customer on not less than thirty day's written notice to the Company.
- E. The Customer agrees to operate company-provided equipment in accordance with the instructions of the Company or its authorized agent. Failure to do so will void any Company liability for interruption of service and may cause the Customer to be responsible for damages to equipment pursuant to this Tariff.
