
INTEREXCHANGE TELECOMMUNICATIONS SERVICE TARIFF

9. OBSOLETE BUSINESS COMPLEX SERVICE OFFERINGS

9.2 BUSINESS SERVICE OFFERINGS

A. Q.Government Network Services

5. Optional Features

b. Toll Free (Inbound) (Cont'd)

(6) Time of Day Routing

Sends calls placed to a single 800/888 number to different receiving locations at different times of the day. The time of day can be changed on the half-hour. Qwest can combine time of day routing with day of week routing on a single 800/888 number.

(7) Tailored Call Coverage

Blocks calls at the customers request by LATAs, NPAs, NPA/NXX, 10 digit ANIs or States.

(8) Day of Week Routing

Calls placed to a single 800/888 number can be routed to different receiving sites based on the day of the week. Special routing is also available for 17 holidays.

(9) Percentage Allocation Routing

800/888 calls may be routed to up to eight different terminating locations based on whole number percentages that add up to 100 percent.
