

PSC NO: 220 ELECTRICITY
NIAGARA MOHAWK POWER CORPORATION
INITIAL EFFECTIVE DATE: APRIL 27, 2009

LEAF: 383
REVISION: 0
SUPERSEDING REVISION:

SERVICE CLASSIFICATION NO. 3 (Continued)

SPECIAL PROVISIONS:

- A. **Combined Metering:** When the Company, pursuant to Rule 25.1.4.3, has provided Electric Service at the customer's single location through more than one Retail Delivery Point, the quantities derived from all necessary meters will be combined for billing purposes in accordance with the provisions of Rule 25.1.4.3 upon the execution of the rider for Combined Metering and Billing, attached to Form C.
- B. **Metering Voltage:** When a customer provides the high voltage equipment to accept a service voltage higher than 2,200 volts, the Electric Service voltage will be the Company's incoming line voltage. When the Company provides all or part of the high voltage equipment, the service voltage will be the secondary of the Company's transformers. When service is metered at a voltage either higher or lower than the voltage of delivery, metered quantities will be adjusted for billing as provided in Rule 25.4 of General Information
- C. Canceled
- D. **Riders:** Service taken under this service classification may be eligible for a limited-duration bill reduction treatment as described in Rule 34, Economic Development Programs.
- E. **Budget Plan:** Customers who meet certain eligibility requirements have the option of paying for service under the Company's voluntary Monthly Budget Payment Plan.
 - 1. **Obligation to offer –** At least once in each 12 month period, the Company will provide a written notice offering its levelized payment plan, which is designed to reduce fluctuations in payments caused by seasonal patterns of consumption, to all eligible customers.
