Customers classified as SC-4 Small Secondary Voltage Level and SC-4 Large Secondary Voltage Level – Supplemental Service - shall be subject to their parent class' percent allocation, SC-3 Secondary voltage level and SC-3A Secondary voltage level, respectively. The development of the respective TRA rates as described in Rule 43.7 shall be made by use of the parent class's forecast sales.

The use of the parent class' percent allocations and TRA rates for SC-4 Small and Large voltage levels shall apply until such time a new ECOS is prepared that includes SC-4 Small and Large voltage levels and Rule 43.6 percent allocations are revised.

43.7 The TRA amounts for the respective service classifications as determined in Rule 43.6 shall be divided by the respective service classification's monthly forecast sales associated with the corresponding month which the adjustment will be refunded to or collected from customers.

43.8 The TRA rates shall be applied to customers' actual billed consumption and applicable to customers served under PSC No. 220 Nos. 1, 1-C, 2ND, 2D, 3, 3-A, and 4, and all PSC No. 214 service classifications. The TRA is not applicable to kWh consumption associated with NYPA hydro sales under S.C. No. 4 and High Load Factor Fitzpatrick ("HLFF") sales, Economic Development Power and Power For Jobs and Empire Zone qualifying load, and may be applicable to PSC No. 220 SC Nos. 11 and 12 in accordance with the terms of their individual contracts.

43.9 The TRA shall be shown on statements filed with the Public Service Commission apart from this rate schedule not less than three (3) business days before its effective date. Such statements' effective dates shall be coincident with the first billing cycle of each month.
