II. 25. CONTINUED

WHAT HAPPENS IF PAYMENTS ARE NOT MADE

It is your responsibility to make the payments noted above in a timely fashion, or your deferred payment agreement will default and you will be subject to a late payment charge on everything you owe to National Fuel and the possible termination or disconnection of gas service. You will receive a reminder notice telling you that payments must be made pursuant to this payment agreement, and you will be provided with a minimum of eight (8) days to make up your missed payment. If we still do not receive these payments or your regular bill payments on time, we can require you to pay the total amount owed on your account. The Company will send you a final notice of disconnection allowing you fifteen (15) days to pay before service is disconnected or terminated.

BUDGET PLAN OPTION

If you are qualified and are not already enrolled in our Budget Plan which helps you manage your energy costs by establishing a level monthly payment amount, and wish to enroll, check the box below and we will start you on a plan immediately.

Under the Budget Plan, you'll pay about the same each month, avoiding higher winter bills. Your monthly payment is based on your gas usage for the prior 12 months. The amount is then adjusted to reflect the current gas rates and any temperature fluctuations above or below normal. A brochure describing the plan is available at your request or can be found at www.natfuel.com. Call us at _____ for further details on the Budget Plan.
