**SECTION 3 - GENERAL RULES AND REGULATIONS, (Cont'd.)****3.12 Additional provisions Applicable to Carrier Customers, (Cont'd.)****3.12.1 Obligations of the Carrier Customer, (Cont'd.)****G. Jurisdictional Reports, (Cont'd.)**

report will be used for billing purposes until the Carrier Customer reports a different projected interstate percentage for a working trunk group. When the Carrier Customer adds trunks to or removes trunks from an existing group, the Carrier Customer shall furnish a revised projected interstate percentage that applies to the total trunk group. The revised report will serve at the basis for future billing and will be effective on the next bill date.

No pro-rating or back-billing will be done based on the report. The Company may require Call detail records to substantiate projected interstate usage provided to the Company. In the event that the required jurisdictional report is not provided, the Company recorded or estimated percentage of interstate usage will be applied to the bill.

The Company may request this detailed information annually. If the audit results represent a substantial deviation from the Carrier Customer's previously reported PIU for the period upon which the audit was based, the Call detail records may be requested more than once annually.
