
SECTION 13 – INTEGRATED PRIME SERVICE

13.1 Integrated Prime Service *

A) Description

Integrated Prime Service provides Local Voice Services on a Customer's spare capacity AT&T channelized Static Integrated Network Access (SINA) T1 or Frame Relay T1 access channels. The SINA T1 or Frame Relay T1 access arrangement will include Local Prime Services via Integrated PrimePath Lines and Trunks, Integrated PrimePath NBX analog lines and Integrated Prime Digital Trunks. The service provides direct inward dialing capability as well as outward calling capabilities. Service charges are billed on a monthly basis, and are based on the service area in which the Customer is located. The features and corresponding rates available for use with PrimePath, PrimePath NBX and Prime Digital Trunks are also available for use with Integrated Prime Service. Monthly recurring and non-recurring line charges are shown below. There is no minimum channel size requirement for Integrated Prime Service.

* The Integrated PrimePath NBX service component is not available, either under this tariff section or through any TCG Contract Tariff or contract referencing this tariff section, to new or existing Customers who did not have it on order on or before May 1, 2004. Existing term plan Customers with contracts for Integrated PrimePath NBX in effect or on order prior to May 1, 2004 may continue under their existing terms and conditions and may move, add or change stations at their existing locations, but may not add new locations unless otherwise specified in their contracts. Customers with contracts that expired on or before May 1, 2004 will be placed on month to month tariff rates upon the effective date of this tariff, subject to the termination schedule stated below. Customers with contracts that expire after May 1, 2004 will be placed on month to month tariff rates upon the expiration of their existing contract, unless otherwise specified in the contract, subject to (and unless otherwise provided in) the termination schedule stated below. Integrated PrimePath NBX services will be terminated based on the schedule set forth below:

- 1) Customers with contracts that expired on or before May 1, 2004 will have two (2) years from May 1, 2004 to migrate to a different service, as their service will be terminated on that date; .
- 2) Customers with contracts expiring in 2004 or 2005 will have two (2) years from contract expiration to migrate to a different service, as their service will be terminated on that date;.
- 3) Customers with contracts expiring in 2006 will have one (1) year from contract expiration to migrate to a different service, as their service will be terminated on that date;
- 4) Customers with contracts expiring in 2007 or beyond must migrate to a different service on or before contract expiration, as their service will be terminated on contract expiration.

Early termination penalties will be waived for Integrated PrimePath NBX customers wishing to terminate their Integrated PrimePath NBX service and migrate to a different service prior to their contract expiration.
