INTEREXCHANGE TELECOMMUNICATIONS SERVICE TARIFF

15. OPERATOR SERVICES

(N)

15.1 GENERAL**15.1.1 DEFINITION OF TERMS (Cont'd)**Operator Assisted Calls

Calls requiring assistance for completion, usually by dialing 0+ (area code) + (exchange) + (line number); or by dialing "00", with all subsequent dialing being performed by Operator Services (0--). The following are examples of calls normally placed in this manner:

- Calling Card Calls

Calls for which charges are billed, not to the originating telephone number, but to a telephone calling card issued either by a local exchange or long distance telephone company for this purpose. At the caller's option, and depending upon the services available at a particular location, calling card calls may entail intervention of an attended operator position (i.e., a "live" operator) or may be made on an "automated" basis. The latter are termed "Customer Dialed Calling Card Calls" for purposes of this Tariff.

- Collect Calls

Calls for which charges are billed not to the originating telephone number, but to the destination or termination telephone number.

- Credit Card Calls

Calls for which charges are billed, not to the originating telephone number, but to a credit card, such as VISA, MasterCard, or American Express.
