

SECTION 2 - REGULATIONS

2.1 Undertaking of the Company (Cont'd)

2.1.5 Test, Adjustments and Inspections

Upon suitable notice, the Company may make such tests, adjustments, and inspections as may be necessary to maintain the Company's facilities in satisfactory operating condition at rates listed hereinafter. No interruption allowance will be credited to the Customer for the period during which the Company makes such tests, adjustments, or inspections.

The Company shall have no responsibility for maintenance and repair of any kind with respect to equipment and facilities not provided by the Company. The Company will charge the Customer for any maintenance visits with respect to service problems which are determined to arise from equipment or facilities not provided by the Company.

When a Customer reports a trouble to the Company for clearance and no trouble is found in the Company's facilities, the Customer shall be responsible for payment of Labor Charges as listed hereinafter for the period of time from when Company personnel are dispatched to the Customer's premises to when the work is completed. Failure of Company personnel to find trouble in Company facilities will result in no charge if the trouble is actually in those facilities, but not discovered at the time.

If the Customer, after being informed that the trouble is not in Company facilities, wishes to have the maintenance work performed by the Company, the Labor Charge listed hereinafter will apply.
