

## SECTION 2 - REGULATIONS

### 2.5 Payment Arrangements (Cont'd)

#### 2.5.10 Cancellation of Applications for Service (Cont'd)

Where the Company incurs any expense in connection with special arrangements, or where special arrangements of facilities or equipment have begun, before the Company receives a cancellation notice, a charge equal to the costs incurred, less net salvage, applies. In such cases the charge will be based on such elements as the cost of the equipment, facilities, and material, the cost of installation, engineering, labor, and supervision, general and administrative expense, other disbursements, depreciation, maintenance, taxes, provision for return on investment, and any other costs associated with the special construction or arrangements.

The special charges described above will be calculated and applied on a case-by-case basis.

#### 2.5.11 Moves, Adds and Changes

Upon receipt of written notice from a Customer, the Company will add, delete or change locations or features of specific lines and equipment. The Company shall charge the Customer a non-recurring charge for such service. In the event that in excess of 10% of the lines and equipment that were installed are deleted, the Customer will be subject to the Company's standard termination charges.

#### 2.5.12 Ordering, Rating and Billing of Access Services Where More Than One Local Telephone Company is Involved

Meet Point billing applies where a customer is required to use the Company and another Local Telephone Company to originate or terminate traffic to end users. The customer must order Call Completion Service to establish this relationship. All other recurring and nonrecurring charges for services provided by each Local Telephone Company are billed under each company's applicable rates as set forth hereinafter. For meet Point purposes, the Company will utilize the applicable charges listed in New York Telephone Tariff P.S.C. No. 913 Section 3 and 6 for rating of the Company's portion of Switched Access.

The Company accepts and adheres to the Ordering and Billing Forum guidelines, Multiple Exchange Carrier Access Billing (MECAB) and Multiple Exchange Carrier Ordering and Design (MECOD).
