

PSC No: 120 - Electricity
New York State Electric & Gas Corporation
Initial Effective Date: September 26, 2010
Issued in compliance with Order in Case 09-E-0715 dated September 21, 2010

Leaf No. 301
Revision: 6
Superseding Revision: 3

SERVICE CLASSIFICATION NO. 12 (Continued)

TERM:

Single and Three Phase Service:

Term of Service:

One month and thereafter until terminated by 48 hours' written notice.

Duration of Service:

Customers selecting service under this service classification on or after November 17, 1997, must remain on this rate for one year before transferring to another service classification. Service under this service classification, once terminated by the customer, will be unavailable to said customer at the same premises for one year from the date of such cancellation.

SPECIAL PROVISIONS:

(a) Multiple Dwellings:

Two or more individual flats, apartments or dwelling units presently supplied service through one meter may be billed under this service classification.

(b) Commercial Use:

When a customer operates a commercial establishment (incidental to his residence) in the same building or on the same premises as his residence and takes his entire service through one meter, this classification will apply for the entire service only if the connected load in the residential portion exceeds that in the commercial portion, provided that the connected load in the commercial portion does not exceed 1.5 KW. If the reverse is true, the general classification will apply to the entire service. However, the customer may elect to take service under both the residential and general rates, in which case there will be a separate meter for the residential portion and a separate meter for the general portion.

(c) Budget Billing:

Customers may, by signing an application, be billed monthly in accordance with the budget plan set forth in Section 4-O of P.S.C. No. 119 - Electricity or superseding issues thereof.

(d) RESERVED FOR FUTURE USE
