
SECTION 3 - CONNECTION CHARGES

3.5 Primary Interexchange Carrier Change Charge

A PIC Change Charge is a non-recurring charge. It applies to existing Local Service Customers who request a change in their PIC designation for pre-subscription of IntraLATA service. The charge is applied on a per-line or per-trunk basis. When both the IntraLATA and InterLATA designation is changed at the same time, only one PIC change charge applies.

The PIC Change Charge applies to the following services contained in this tariff: PrimePath Lines and Trunks, Integrated PrimePath Trunks, PrimePath Lines on INCS, Prime Digital Trunks, Integrated Prime Digital Trunks, Prime Digital Trunks on INCS, Integrated PrimePath Lines and Trunks, Integrated PrimePath NBX, PrimePath NBX and PrimeNBX.

Minimum: \$0.00

Maximum: \$5.00
