### SECTION 3 – DESCRIPTION OF SWITCHED SERVICES

#### 3.7 Custom Business Services

For outbound Services provided via a Switched Access arrangement, Business Customers may subscribe to any of the Company's outbound Service offerings for the provision of (1) intrastate InterLATA and intrastate IntraLATA calling; (2) intrastate InterLATA calling only and select another company for the provision of the Customer's intrastate IntraLATA calling; or (3) intrastate IntraLATA calling only and select another company for the provision of the Customers's intrastate InterLATA calling. For rules and regulations regarding TFS, see Section 3.6.4 of this Tariff.

Business Customers subscribing to a Custom Business Service offering described in Section 3.7 of this Tariff may subscribe to the Calling Card - Option 2 or an Option 2 category as specified in the specific Service offering, and as described in Section 3.1.5 (A).2 of this Tariff. Unless otherwise indicated in this Tariff, the following rules and regulations regarding the Calling Card - Option 2 and Option 2 categories apply to all Custom Business Services described in Section 3.7 of this Tariff:

Operator assisted, operator dialed, and fully automated calling card calls billed to the Calling Card - Option 2 and Option 2 categories are rated at the usage rates specified in Section 4 of this Tariff for the Custom Business Service subscribed to by the Customer in lieu of the rates and charges specified in Section 1.1.1 (B).2.b and Section 1.1.2 (A) of the Price List for Operator Toll Assistance Service. A per call charge applies in addition to the initial period and additional period charges applicable to the call. For fully automated, operator assisted, and operator dialed calls billed to the Calling Card - Option 2 and Option 2 categories, see Section 1.1.1 (B).2.a, Section 1.1.2 (B) and Section 1.1.2 (C) of the Price List for per call charges.

For Customers that subscribe to one of the Company's Custom Business Service offerings described in Section 3.7 of this Tariff that also subscribe to the Calling Card - Option 2 or an Option 2 category, the billing increments (including the minimum connect time) for fully automated, operator assisted, and operator dialed calls billed to the Calling Card are the same as the billing increments for 1+ outbound calls rated under the Custom Business Service subscribed to by the Customer.
